

“The Final Stretch”

September 1, 2010

The most exciting part of a race is to watch as the runners come around the last turn and begin their kick down the final stretch. For our family, the turn has been rounded, the “kick” has begun, and the finish line is in sight! In just four short months, we will be leaving for Lima, Peru to begin our ministry. We are most certainly excited to be on the final stretch of deputation!

Since Our Last Letter

In our last prayer letter, we shared some pretty amazing numbers. We are excited to say that those numbers are even more amazing now. During the past two months, an additional **\$10,000** was donated to the children’s home project making the grand total just over **\$56,000!** In these two months, **eight new churches** chose to partner with us raising our support level to **90%!**

The Final Four Months

There is much to be done in these final four months. Our family has 17 more deputation meetings scheduled. Crystal and I will travel to Peru in November to find a house, register the children in school, and begin our visa processing. Our commissioning service is scheduled for **January 13th** at Chilhowie Baptist Church and we will depart for Peru that weekend. These **135 days** will go very quickly!

Please Pray & Consider

I realize that many of you have done so much to help our ministry. We could never explain how much your monthly support, the children’s home donations, and your faithful prayers have meant to us. I do however, want to ask you to pray about and consider assisting us in our move to Peru. The cost to move our family of six and all our belongings overseas is tremendous. If you could help in any way, it would be appreciated. Below, I have broken down some of the costs in order that you can have a better understanding of what we are facing. Our family has made it a personal goal to save half of the \$30,000 on our own. If God burdens you to help, simply send the donation to our support address and write moving expenses on the check memo. Any donation would be greatly appreciated.
